Giving a generous one-off gift to seed fund the creation of this role

In these times of accelerating human impact on the planet, in the midst of an already present climate crisis with massive environmental issues at every turn, we are yearning to make significant contributions that will lead to change. As a follower of Jesus, we know you want to be a faithful disciple who can lament and grieve, while also looking for the reconciliation and renewal of the whole creation. You want invitations to make a positive difference in the world, to be challenged to speak prophetically and act for change in this time of crisis. Now is the time for leadership, coordination and support within our Christian community and movement.

As an independent movement, we rely on your generous donations to help reach more people and faith communities and to raise a generous Christian voice in the public conversation.
